

Magia30

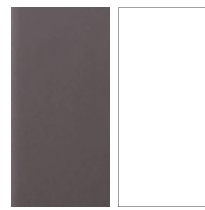

Magia30 is made up of 11, 12, 13 or 15 rises and a railing on one side. To build a **Magia30** with 14 rises (13 treads) for a height from 269 to 326 cm, you need to buy a **Magia30**

with 15 rises (14 treads) and eliminate one tread at the time of installation. The maximum height of the staircase is 351 cm.
