

Urban ... exterior elegance

At last, a stylish galvanised straight staircase to use outdoors! The Urban Exterior Staircase is not just a straight staircase but there are nine options for different configurations with quarter turns, half turns and more, making this staircase very adaptable and a great feature on the outside of your home.

The Urban is made to order in any width from 800mm to 900mm and the treads are already drilled for drainage and safety. It is made with hot dipped galvanised steel for robust exterior use. The handrail is grey textured PVC for safe and comfortable use.

If you'd like a quotation, please just give us a call on: 01380 723533 or email info@thestaircasepeople.co.uk.

The Urban has two balustrade designs:

- Urban FX with vertical galvanised steel posts supporting seven rows of horizontal stainless steel cables (see above right)
- Urban C with two vertical galvanised steel balusters per tread (see above left)
